THE MINUTES OF THE REGULAR MEETING OF THE MRAC HELD ON MARCH 19, 1942.

Pres. Kircher called the meeting to order at 8:20 PM. Due to the length of the program the usual order of the meeting was not followed.

Pres Kircher called upon Geo Ruger the Program Committee Chairman who introduced the speaker of the evening, Mr. Englehard of The Electric Co., who gave a very interesting and enlightening talk and demonstration on "The Science Of Seeing" In this talk he brought home very forcibly the part that correct and sufficient light plays in our everyday lives in our working and liesure hours. He also demonstrated various kinds of lightsources from the realatively cheap mazda lamp through the very expensive chemical light source.

The Secy. then called the roll which showed 43 men present of whom 25 were Club members. The minutes of the previous meeting were read and approved as read.

Pres. Kircher read a later Order from The Marine Corps. Recruiting Office calling for men with previous Marine Corps. training and those with engineering background for Reserve duty as Commissioned Officers.

He also read the notice of a call for Radio Operators aboard the tankers of aMajor Oil Co., at a salary of at least $200 a month.

The Secy. has complete details of these two announcements for those who are interested.

Pres. Kircher read a letter received by Jack Doyle from our friend and Club member E. J. Irving W9gqo who is in our Countries service as an instructor in Radio in Lexington Ky.

The usual Club raffle was conducted by Mr. Felber and the meeting was declared adjourned at 9:45Pm

Respectfully Submitted,

Reid H. Burrows Secy.
